

NEW: ADDINOL PREMIUM 020 FE

Page1 / 1

The best engine oil for each application!

In order to meet the wide variety of approvals and specifications, the ADDINOL range of engine oils for passenger cars currently offers 27 products with more than 40 OEM approvals.

Specifically designed by ADDINOL!

The lubricant market requires a new engine oil with the introduction of the new VW approval 508 00/509 00: an engine oil with a significantly decreased HTHS viscosity of ≥ 2.6 mPa*s combined with the fuel-efficient SAE class 0W-20.

Tailor-made for latest VW engines!

ADDINOL has developed the new **PREMIUM 020 FE** especially for various state-of-the-art VW vehicles (compulsory for e.g. 2.0 TFSI 140 kW and 3.0 TDI CR 160 kW).

The engine oil leads to a significant wear reduction and ensures a very low CO₂ emission due to the extremely low viscosity. The fuel consumption is reduced by four percent compared with a common SAE 5W-30 engine oil (FE: Fuel Economy).

ADDINOL Premium 020 FE is not suitable for vehicles requiring VW 504 00/50700.

Outstanding features!

ADDINOL Premium 020 FE offers decisive benefits due to the targeted combination of especially selected additives and fully-synthetic base oils:

- Reduced fuel-consumption
- Outstanding low-temperature properties
- Ideal viscosity for all driving conditions
- Complex wear protection
- Improved cleaning effect
- Longlife IV character

All data at a glance!

Name: ADDINOL Premium 020 FE

Approval: VW 508 00/509 00 (running)

Article number: 720972

Customs tariff number: 3403 1980

Packaging: 1L can, 5L can, small drum

ADDINOL Premium 020 FE is expected to be available from April 2017.
